## Peace and War A Year of Decision

### Armed Robbers Given Two Long Prison Sentences

#### Both Plead Guilty To Two Charges

Two armed robbers who held up the Melroy Service Station in Frederic on November 21 were given two long prison sentences each last Wednesday in a special term of Circuit Court before Judge John K. Shaffer here after entering guilty pleas on the charge of robbery armed and unarmed and assault with intent to commit murder.

The two men, Cecil W. Brown, 26, of Flint, and Russell N. Doyle, 23, of Clio, were apprehended by State Police of the Gaylord Post within one hour after staging the holdup. The chase reached well over 80 miles per hour over icy roads and several shots were exchanged before the hoodlums car overturned near Horseshoe Lake

and they were captured. Brown pleaded guilty before Judge Shaffer to robbery unarmed as his companion carried the gun, and was given a sentence to Jackson State Prison of from 5 to 15 years and on his guilty plea of assault with intent to commit murder was given a 12 to 15 year sentence. Doyle pleaded guilty to robbery armed and was given a 10 to 15 year term at Jackson and on his guilty plea to assault with intent to commit murder was also handed down a 12 to 15 year term.

Both men had records with Brown on parole from Flint on a non-support charge and Doyle had been convicted on the Dyer Act (Federal law on the driving of stolen cars across state lines). The car driven by the gunmen the night of the holdup was determined to have been stolen and both men admitted that a 32 caliber pistol and a 22 caliber rifle carried by them had been stolen from a cottage near West Branch which they looted.

Doyle and Brown were taken to Jackson to the Southern Michigan State Prison by Crawford County Sheriff William F. Gohlack, Justice of the Peace Van Smith and Fritz Gohlack on Thursday morning.

### Grayling Indies Defeat Gaylord

The Grayling Independents traveled to Gaylord last Wednesday night and in a tight ball game with the Gaylord Gears walked off with the victory by 48 to 45 score.

After trailing on the short end of a 21 to 18 score at halftime, Grayling turned on the steam to score 30 points in the final half while holding the Gears to only 24 points. The Gears lost the services of Bachman, Lamb Benser and McKillop during the last half via the foul route while Grayling lost Ross Thompson and Ed Smith by the same method.

Sandy Thompson and Jim Feldhauser led the victors with 14 points each with Ross Thompson adding 7, Smith 6, Ted Bennett 5 and Rog Siegling 2. Max Culliton with 12 led the Gears scoring column. Bob Snook also saw service for Grayling in the final quarter.

### CAA To Demonstrate Flight Assistance Service

Through special arrangements made with the Civil Aeronautics Administration by the Grayling Aero Club, a demonstration depicting the use of CAA navigational facilities will be made in Grayling at High School Auditorium on January 4, 1951 at 7:30 P. M.

The purpose of the demonstration is to encourage the use of two-way radio facilities as normally installed in the average light aircraft. Through the use of a mock-up and certain mechanical devices, a simulated cross-country flight in all of its phases will be shown.

The original idea was conceived through recognition of either a lack of knowledge of the average personal aircraft owner and private pilot in the use of his two-way radio, or by a recognized inherent fear of some pilots to use the CAA facilities provided for their purpose.

In the showing to be staged at Grayling, the demonstration team will jointly portray the roles of pilot, weatherman, aircraft communicator and tower operator. In a planned flight between two distant points, the complete use of two-way radio facilities as normally installed in the average light aircraft, will be demonstrated. During the flight an amendment to the original plan is necessitated by inclement weather, and requires the use of an alternate destination.

As a sequel, another flight will be depicted, in which an over confident pilot takes off without a plan, flies into darkness and becomes lost. The orientation method in utilizing the lost plane procedure is fully depicted in this phase of the demonstration. In previous showing at various locations throughout CAA's Region III, which comprises eight states, it has not ordinarily been possible to accommodate the many people desiring to witness the demonstration. All interested aviation groups and the public are invited to attend.

### SCHOOL NOTICE

School will resume on Wednesday, January 3, following the Christmas vacation.

### Legion Entertains 734 Children

Seven hundred and thirty-four Crawford County children were entertained at a Christmas party last Friday afternoon by Grayling Post 106, American Legion in the Legion Hall basement dining room. The children were entertained in six different groups in the Fifth annual Legion Kiddies Christmas party. After consuming 2,300 ice cream dixie cups, 330 pounds of mixed nuts, 330 pounds of mixed candy, 800 candy canes, 1,500 popcorn balls, 800 bananas, 800 oranges, 800 candy cups, served to them by the Legion Auxiliary, they were escorted upstairs where they sang Christmas carols under the direction of Mrs. J. F. Cook, Mrs. Ray Clement and Mrs. Floyd Taylor.

Then came the big moment, the one the kiddies had been anxiously awaiting the appearance of Santa Claus who happily greeted them all and passed out 800 Christmas stockings filled with nuts and candy and a box festive with yuletide decorations which held an orange.

The fifth annual party showed an increase of thirty-one kiddies over last year's mark of 703, and with prices higher for the ingredients for the party, the cost to the Grayling Legion was much higher, party chairman C. B. Johnson reported. He also gave a big thank you to the M. and B. Ice Cream Company and their local dealers, Spike's, Hanson's Sporting Goods and Grayling Restaurant for donating the 2,300 ice cream cups used.

The Legion Christmas party for the county's kiddies is a big undertaking and plans were started for it many weeks in advance, orders made out for candy, nuts and fruit. And then many extra days were put in by the committee earlier last week in decorating the hall and other special tasks to get ready for the big influx of kiddies. Many county children who were confined to their homes by illness were also visited and given their share of the goodies. The remainder left on hand was donated to the Grayling Kiwanis Club as it has been in the past to be used when the Kiwanis Club delivered its new and repaired toys on Saturday evening last to underprivileged children.

All in all, it topped all of the Legion's other four efforts and one wonders how they can make it any better for the kiddies next year.

Mr. and Mrs. Waldemar Hanson and family of Saginaw spent Christmas with their respective parents, Mrs. Marie Hanson and Mr. and Mrs. Ed Welch.

### Grayling Winter Sports Park Has Good Opening Week End

#### Student Week Ends Dot Month of January

The Grayling Winter Sports Park had a good, though not terrific opening week end as the gates were swung open last Saturday morning.

All day Saturday, most of the day Sunday and Monday found a good crowd at the park. It was necessary to stop the toboggan runs during the heavy snows on Sunday but the ice rink and ski tows were being used by quite a number of winter sports enthusiasts.

With the cold, snappy weather of the first of the week prevailing a much greater crowd is expected to be using the park facilities during the New Year's week end. Although the Grayling Park has usually opened on a Christmas week end, a large crowd is never expected to jam the park due to the gathering of families on that holiday. The opening date is set in order that the park and its facilities may be tested out before

the larger crowds of late winter begin to cover the white, snowy expanse of the ice and snow playground.

The coming month already has two definite student groups signed up for a week end in Grayling and at the park. Both of these groups will arrive by bus. Several other groups including Boy Scout troops are seeking to set dates but have not as yet set on any definite week end.

On the week end of January 20 and 21, 100 students from the Cooley High School in Detroit are scheduled to arrive in Grayling for winter sports. And on the following week end, January 27 and 28, 185 Wayne University freshmen have made arrangements for lodging, mostly at Shoppenagons Inn and local rooming houses.

Another large group expected to invade the Grayling Winter Sports Park this season is the Saginaw Veterans Association who has written for information and expect to run a train here during the Grayling Winter Sports week end which has been set for February 16, 17 and 18. In their correspondence they said that more than 500 persons were expected to make the train trip here.

The park should be comparatively busy during the week days this week, due to local students enjoying a vacation from their school studies and also from visiting college students who are also enjoying a holiday vacation from their colleges.

### Holiday Tournery Opens Tonight

The Grayling Invitational Class "C" Basketball Holiday Tournery opens tonight in the Grayling High School Gym with Roscommon slated to meet Kalkaska at 7:45 P. M. The night's second contest will pit the Grayling Vikings against the Mancelona Ironmen.

On Friday night at 7:15 the losers will play for third place in the Yuletide Tournery with Thursday night's victors meeting at 9 P. M. to determine the tournament champions. Officials for the tournery are Thorel Kanitz and R. A. Bradley of Traverse City. Admission has been set at 25c for students and 50c for adults.

Kalkaska carrying the colors of blue and white are slightly favored to take the tournament due to their strong showing so far this season. The orange and black of Mancelona and the green and white of Grayling have not been completely overlooked and either may spring a surprise. Likewise the blue and gold of Roscommon which has been relegated to the role of basement dweller of the tournament because of very poor showing in loop play thus far, could spring a surprise.

Kalkaska is coached by Edwin Chalkier, former Viking cage star, while Roscommon is mentored by Earl Haight, Mancelona by Matt Jacobson and the Vikings by (Continued on Page 6)

### High School Chorus Draws Large Crowd

A Christmas cantata entitled "Chimes of the Holy Night" presented by the Grayling High School sixty voice choir, under the direction of Mrs. Roy O. Milnes drew an overflow crowd at the High School Auditorium last Wednesday evening.

The eleven part program which included seven solo parts was received with great enthusiasm by those present. The chorus and director were introduced to the filled auditorium by Supt. of Schools Frank Bond. It was the first appearance of the chorus in their new green robes and they made a lovely sight.

On Sunday about twenty of the group sang two selected Christmas hymns at the Michelson Memorial Church accompanied by Mrs. C. G. Clippert on the organ. The hymns were "Christmas Bells Are Ringing" and "Rejoice, The Lord Is Come." Solo parts were sung by Betty Niederer, Pat Stephan and Shirley Souder.

### Loveless Enjoys Christmas Party

The annual community Christmas dinner was given Wednesday evening from 6:30 on until all were served. There were close to 100 present. This dinner as usual was a beautifully appointed affair, the menu consisting of fried chicken with all of the trimmings, mince and pumpkin pie for dessert and an ice cream treat for the children furnished by Hunter's Dairy.

After dinner all proceeded to the community chapel where members of the Sunday School put on a very nice program. It consisted of a congregational sing, devotional reading and prayer, recitations and exercises by the children, a special saxophone solo, "The Holy City," by Steven Adams, by Jeanine Stillwagon; a duet "Star of the East," by Rev. and Mrs. Herbert Seebree and a reading "No Room at the Inn" by Mrs. C. Stillwagon. As the program began Mrs. H. Johnson at the piano played, "Oh Come All Ye Faithful," the congregation standing as they sang and the Sunday School young folks marched in singing with the congregation. They were attired in new choir robes made by some of the ladies. After the program Santa Claus came to see them and with him was Rudolph, who seemed very unruly. Santa helped distribute the gifts. All being well remembered. All in attendance voted little Johnny Doby master of the program. This party is only one of the nice things put on or given by the group of ladies as "The Cheerful Givers."

### Health Dept. Checks City Water Supply

The maintenance of a safe community water supply has helped eliminate many old time diseases such as typhoid fever, dysentery, etc. It is indeed rare to hear of a case of water-borne disease at the present time, but, it could so easily happen if a constant check is not maintained on municipal water supplies. The sanitarians of District Health Department No. 1 have just finished the monthly check of all municipal water supplies in the district. Of those checked, two were found to have contaminated water supplies, the matter of which has been taken up with the city officials and the people in the area warned regarding the use of this water until such a time as the source of contamination is eliminated.

## Michigan Mirror

While the world is wishing itself a happy new year, Republicans in Michigan are estimating the strength of Dr. Lee M. Thurston, sup. of public instruction.

The mild mannered little scholar has a strong hold on his job (which he has long campaigned to make appointive). His defeat next spring would allow a Democratic, the only one-on the governors administrative board.

For although Williams is the first off-year Democratic governor in 36 years, the G. O. P. hopes to keep him isolated in a sea of Republican assistants. Williams' nuisance power is great; his actual ability to get things done is limited.

Fred M. Alger, secretary of

state, emerged from the defeat of former Governor Harry F. Kelly as the Republican to watch for 1952. Alger topped all nominees in the Nov. 7 balloting. Why did Kelly lose? The editor of the Muskegon Chronicle believes one reason was a voter impression that Kelly stood for the "Republican Old Guard". Definitions are elusive. You'll have to "roll your own".

Michigan automobile industries are miffed over auto price roll-backs (until Dec. 1), labeling it discriminatory. But Walter P. Reuther, president of the U. A. W. C. I. O. applauds, reiterating his argument that business could raise wages, cut profits and still show reasonable profits. The end result of this kind of logic is state ownership of industry such as exists today in England.

At the same time the unions are sweating out their membership lists. As their members are called into the armed forces, women and other temporary workers are replacing them. But how long and how staunch will they be with them? The postwar (W. W. II) membership was not too inspiring to locals.

Chief beneficiaries of present inflation, now running at the rate of 10 per cent a year, will be farmers (through inflated food prices and land values) and city industrial workers through frequent pay boosts. Linking pay adjustment to higher cost of living will automatically contribute to more inflation.

Public assistance programs in Michigan from Jan. 1 to March 31 will cost \$10,178,000.

And the U. S. government which for years has been eagerly voting through welfare measures by the score expresses amazement that there are now more than 5,000,000 persons receiving \$2,000,000 in public assistance. Prewar records show that in boom times only 2,000,000 persons, including aged and incapacitated, were unemployed.

Now more than 160 battle casualties from Korea are at Percy Jones hospital in Battle Creek. Since most of these men have suffered frostbite as well as combat wounds, it is possible that these will specialize in that treatment. The doctors are garnering first-hand experience of what exposure can do to a soldier.

National plans to build an air academy (Fort Custer and two other Michigan sites have been scuttled. The house armed services committee says "this is the kind of a project which must be deferred until after the emergency".

In January 3,884 Michigan men, at least, will be called to duty. This is the fastest draft pace since World War II. And we are still waiting to establish training areas?

While the state mulls its \$65,000,000 mental hospital expansion program, Republican senators Bonine (Vandalia) and VanderWerp (Fremont) argue that facilities for diagnosing mental disturbance before treatment are needed. Would cut down on state hospital needs, they say.

Including state aid to local governments as required by a constitutional amendment, the State of Michigan spent an average sum daily of \$1,524,708 during the past fiscal year (ending July 1,

1950). State government received \$1,422,811 average in revenue daily. The difference on a 12-month basis was a \$21,311,232 deficit.

So the state began its present year (ending next July 1) with a red-ink handicap of \$21 millions. Add to this sum the additional cost of financing public service due to our latest spiral of inflation, running currently at the rate of 10 per cent a year. You get some idea of the financial headache awaiting the state legislature in January.

State payrolls have gone up. So has everything else -- inevitably so as the dollar buys less and less. The outlook for 1951 is no different than that of recent years: Government services must be curtailed or higher taxes must be levied to pay the bill.

WE think we ought to warn you—this is the last time we aim to advertise these prices.

So you'd better take a careful look at them—and what they'll buy.

They'll buy the thrill of swift, smooth, spirited travel—and trigger-quick power so mighty that few Buick owners have ever pressed it to the limit.

They'll buy sparkling style, spacious comfort and the durable, dependable, time-tested quality for which Buicks are famous.

And when you check what you get for

what you pay, you'll make this discovery.

On a pounds-per-dollar basis—which is the engineers' yardstick of bedrock value—no other cars of comparable dimensions can beat a Buick SPECIAL, SUPER or ROADMASTER.

Or to be more specific—Buick's straight-eight SPECIAL is priced like a six—and in the ROADMASTER "price class" you can pay 23% or more than you'll pay for these great automobiles.

But note this fact: Our supply of these bargains is limited—so you'd better come in now and see what we have on hand.
